XCAT - MSN Hider

If you use MSN Hider, you'll never need to remember to close down your MSN Messenger chats again. With the xCAT - MSN Hider Cracked Accounts application installed, simply right-click on a conversation window and it'll be hidden instantly, freeing up your entire desktop for working or for doing whatever else you want to do. Best use of MSN Hider: If you use MSN Hider to minimize your MSN Messenger window, that is the best use of MSN Hider. If you like to close your MSN Messenger window, use the "Close all the Windows" option. Have two MSN Messenger windows open at the same time? The second window will be hidden with this. If your MSN Messenger is not the best application to use (such as when you are very busy) using MSN Hider will get your MSN Messenger visible again, so that you can still chat and receive emails. If you don't want to have your MSN Messenger visible at all times you can always use the "Hide all the Windows" option, to prevent your MSN Messenger from showing. How to uninstall xCAT - MSN Hider: Uninstalling xCAT - MSN Hider is very easy, you have 2 options: Click "Manage", locate the "AppMgr" category, scroll down to "xCAT - MSN Hider" and click "Uninstall" If you don't have the "Manage" option, right-click on the "xCAT - MSN Hider" icon in the task bar, click "Uninstall". xCAT - MSN Hider was created by an independent developer, any donations will be appreciated. Don't forget to Rate and Share this Application! MSN with ICQ was a very useful and comfortable application, that did the job. However MSN with ICQ was replaced with MSN Me in Windows. Now MSN Me is also replaced with MSN Hider. This application is available to hide all MSN messages. However it also works when you want to show all your MSN messages. The MSN Hider is an excellent application for MSN users who are using both ICQ and b7e8fd5c8

XCAT - MSN Hider Activator
